

## Take it easy.....

It can be a long 3 days and even the fittest potter will need to take the weight off their feet at some time so a stool or chair is a must have.

To ensure you are still accessible to customers most exhibitors prefer a high stool over a low chair. To be honest you are also less likely to nod off on a stool!!! I'm not one to advertise but Ikea have some really cheap stools & chairs which won't take up a huge amount of space in your vehicle.

Franklin folding bar stool with backrest  
**£23**

Stig stool with backrest  
**£10**

Frode metal folding chair with backrest  
**£20**

Terje wooden folding chair with backrest  
**£11**
